

Dear Friends,

I can't stop smiling today because of the continued community support of West Valley's Maintenance and Operations Levy and Technology Levy. Your commitment to children is gratifying. I'm so proud of my entire staff and am confident the election results are directly tied to the wonderful work they do every day.

Thank you for putting children first when making your election decisions during this uncertain economic time. We will not take your commitment lightly. Indeed, we will continue to strive to provide the very best educational opportunities possible for West Valley's children and pledge to continue to be vigilant and deliberate stewards of your tax dollars.

On behalf of everyone in the West Valley School District, I want to thank all those who were involved in the success of this election. Thank you for your willingness to display signs in your yards, share your views with your friends and neighbors, and serve on various V.O.T.E.S. committees. Thank you for your votes and for keeping our schools strong and community strong.

*Polly Crowley*  
Superintendent
